Best before

Best if used within one year from date of manufacture.

Storage

Store product and maintain its temperature in a cool (75 F or below), dry area away from odor causing substances.

Other information

All physical and chemical specifications are determined prior to packaging. Flaked shortening may have visible condensate present due to temperature variables in the flaking process.

The information presented in this data sheet is believed to be currently accurate and reliable; however, no warranty, either expressed or implied is made. Any recommendations or suggestions are made without warrantee or guarantee, since among other reasons the conditions of storage are beyond our control.
