* Any ingredient at >0.001% in leave-on product must be included on the Finished Product ingredients list.		
* Any ingredient at >0.01% in rinse-off product must be included on the Finished Product ingredients list.		
The Materials at levels less than 1 ppm or not present in the fragrance are represented as " ~ " and all quantities are on a percent (%) by weight/weight basis.		
The above values are calculated predictions utilizing the highest concentrations expected, from the development of ranges based on both industry standards		
and internal material evaluations. As such it is not uncommon for concentrations to be lower than stated, due to natural variations inherent with Essential oils.
